Profile

Aspiring Software Development Engineer with a strong foundation in computer science and hands-on experience in programming with C, Java, and Python. Demonstrated ability in problem-solving, data structures and algorithms, and building responsive web applications. Certified in C Programming, HTML/CSS, and AWS AI Fundamentals. Eager to apply my skills to build scalable and user-friendly software solutions. Known for adaptability, clarity in communication, and commitment to delivering high-quality results in collaborative environments.

Education

2023 – 2027	B-TECH
Surampalem, India	<i>Aditya College of Engineering and Technology</i> CORE: CSE - Artificial Intelligence and Machine Learning CGPA: 8.2
2021 – 2023	INTERMEDIATE
Diwancheruvu, India	<i>Sri Prakash Vidya Niketan school</i> course - MPC CBSE - 75%
2020 – 2021	CLASS X
Diwancheruvu, India	<i>Sri Prakash Vidya Niketan school, SSC</i> CBSE with 89%

Skills

Programming Languages

- C
- Java
- Python
- HTML
- CSS

Core CS concepts

- Data Structures
- Object-Oriented Programming
- Operating System
- DBMS

Currently Learning

- JavaScript
- React
- LeetCode (Problem Solving)

Web Technologies

- HTML5
- CSS3
- Basic JavaScript
- React
- JS
- Machine Learning

Tools & Platforms

- VS Code
- GitHub
- Command Line
- Jupyter Notebook

Projects

05/2025 – 06/2025

My Study Vault Website

Built a multi-page academic website to streamline communication between students and faculty. Designed clean, responsive UIs for uploading notes, managing academic content, and submitting student queries. Focused on real-world usability and team collaboration.

Certificates

- C Programming Certificate by Cisco Netacad
- IT Specialist HTML and CSS Certificate by Certiport Pearson
- AWS Certified AI Practitioner Certificate
